25X1 ₁ ,		
25X1	Turkish border, between the border stations of Shtit and Maslina. which was plowed in November 1950.	
25X1	this area was to be mined.	
25X1 2.		
a wire entanglement 1.5 meters wide which was constructed by the mostle		
	of Raikova Mogila approximately three months ago. Reportedly, this entanglement, which begins at Kapitan Andreevo, will extend as far as the	
	border.	
. 3.	There is another wire entanglement which extends from the Raikova Morila	
	area, seven to eight kilometers north of Swilengred, circles around the	
	northern part of Stara Lefka, crosses 1 to 1.5 kilometers south of Lefka, and continues toward the east. Allegedly, this entanglement was constructed in 1940 - 1941 and is not before the continues to the continues toward the east.	
	in 1940 - 1941 and is now being repaired.	
4.	South of the entanglement are tank traps. An area 400 to 500 meters east of	
	billion items a water mill. has reportedly been mined as have in decrees of	
	land 200 meters southwest of Shtit near the quarters of the border Zastava. The mined areas are usually surrounded by wire entanglements.	
25X1 5. I	The mined areas are usually surrounded by wire entanglements.

7. There are three observation towers between the Shtit and the Maslina Zastavas.

Reportedly these towers are built on hills from 2.3 to 3 kilometers apart. An observation tower at Varnik has been reported. There is always a guard on duty in the tower.

patrols consisting of two guards watch the border day and night. These guards are accompanied by dogs and are equipped with Schmeisser gams and two hand grenades.

8. The depth of the border area is 35 to 40 kilometers. The Militia guards the crossroads and checks the documents of the travellers. Border Guards check the documents of those people in the border area. People travelling from village to village must get an Otkrit List from the municipality, and those travelling out of the country must obtain an Otkrit List from the Svilengrad Militia. The Otkrit List is necessary as far as Harmanlii.
